2. Presentation

A. Strategic Planning Action Plan - Mrs. Mary Ann Friedman

Discussion: The Strategic Planning Goals were presented for the next 3-5 years. The goals and objectives were reviewed. It was shared that each goal and objective should be updated annually with what has been achieved and the progress of those outstanding.

3. Open to the Public- (Public Comment may be limited to three minutes per person per issue)

The Board of Education welcomes your comments, concerns, and questions. Every agenda provides two opportunities for concerned citizens to address the Board. Be advised that we do not discuss specific personnel or student matters in public and if your comment concerns those matters, we ask that you speak to the Superintendent directly.

Effective responsible consideration of an issue by the Board is best accomplished when it is scheduled in advance, as an item on the meeting agenda.

Therefore, while comments and questions are welcomed, the Board generally will not respond to items or engage in a dialogue during public comment. When appropriate, questions or concerns may be referred to Administration for investigation, referred to a Board committee for review, or referred to other staff or professionals for assistance, and if necessary, reported back to the Board at a later meeting. Please be advised that there is a 3 minute limit for each public speaker.

Mark Doherty - 405 Chestnut Road, Mr. Doherty shared that the bus stop is to support the Veteran Association's clinic. He added that the bus stop has been there for a long time. He shared the crossing guard is at the school during drop off and pick up times and safety should not be an issue. He is impressed that Mayor Chau has championed this effort and would appreciate a favorable vote for the bus shelter. Mr. Doherty also shared that the American Legion is the proud recipient of post crashers.

Mayor Erland Chau - 1001 Shore Road, Mayor Chau asked the Board of Education to consider approving the easement for the bus shelter. He shared that the bus stop has been in Northfield for many years and it was moved due to the hope of a shelter. He shared that he met with the Facilities Committee to address their concerns and mentioned that if the Board would find any problems with the shelter, the City would remove it. Also, the City will maintain and move the fence so there is no expense to the school. The depth needed for the bus shelter would be approximately 3 feet. Mrs. Delcher asked if the shelter needed to be removed would the City remove it or would it be NJ Transit. Mayor Chau said that the City takes ownership once the shelter is installed. Mr. Kennedy explained the contract that was presented states otherwise, that the only organization that could take it down was NJ Transit. Mr. Geppert read the passage in the language and asked that it be revised. Mayor Chau shared that it will be revised.

Dan Philipi - 1002 Shelburne Ave, Absecon, Mr. Philipi shared that he is a member of the American Legion. He rides the bus to Wilmington and has had to stand in the rain at the Northfield stop for the Veteran's clinic. He shared that he has watched a very sick veteran stand in the rain at the Northfield bus stop and feels the shelter is necessary. The Board should not vote against the bus shelter.

Paul DeNoto - 1046 Harding Highway - Mr. DeNoto shared that before the Veteran's facility was here, they had to go a long distance to be treated. The veterans do a lot for this country and we owe them. You have freedom to vote yes or no for this bus shelter. Cast your vote to honor the veterans and the freedom they fought for.

Jeff Lischin - 217 Mt. Vernon Avenue, Mr. Lischin is in support of what the Mayor has done to get the bus shelter in place and that the City will pay for it with a grant. He shared that he does not understand that if the bus stop has been here for years, and there hasn't been any issues surrounding this stop, why are we debating this issue. He shared that this stop is good for the veterans but it is also good for the people.

Erin Leakin, 810 Maple Ave, Mr. Leakin is encouraging a 'yes' vote for the bus shelter. He shared that he attended a very nice veterans day event at our school. The veterans were interviewed and were supported and respected by the students. He feels the veterans should have this bus shelter and since the shelter is on the main highway, it would be beneficial to everyone.

Craig Tanzol - He is amazed that the bus shelter is an issue in our community. He shared that as a community we can do this. He is very disappointed that we are having this conversation. We have an obligation to the people who ride the bus to be dry. He asked the Board for compassion, and

to vote their conscience.

Karyn White - 232 Davis Avenue, Mrs. White asked why only half of the 7th grade class is going to the AC Boat Show field trip, and how the students were picked. Mr. Bretones shared that the 7th grade trip has a limited number of tickets available. After looking at the curriculum for the financial literacy class, the students that were in that class were chosen. They are learning about making financial decisions such as buying a boat. Mr. Bretones shared that if it is a successful field trip, it may be expanded. Mrs. White also wanted to know if the public is able to get information on a personnel issue. Mr. Geppert answered that she should contact the Superintendent, and emphasized that personnel issues cannot be discussed in public.

Debbie Doherty - 405 Chestnut, Mrs. Doherty shared that when she walks down New Road there is a sign that says 'support our veterans'. She asked, how well do we support the veterans if we won't pass the resolution. She added to please support the shelter, it's not a lot to ask.

John - Egg Harbor Twp, He shared that the Board has the right to say 'yes' or 'no' to the bus shelter, but many veterans did not have a choice. John supports the veterans.

- C. Motion to approve the attached Resolution, to continue to negotiate with the City of Northfield, for an easement on school property for a bus shelter structure for a NJ Bus Transit stop.

Discussion: Mr. Kennedy reviewed what was discussed at the facilities meeting regarding the bus shelter including the resolution.

Mrs. Delcher addressed the issue of the veterans. Her Uncle, Father, and Grandparents were veterans and she had the utmost respect for veterans. Her entire family supports the veterans. As

a Board of Education member, her job is first and foremost, for the students and the school, not necessarily the community. Mrs. Delcher has reservations about having a bus shelter on the school property.

Mrs. Levitt is in support of the bus shelter for the veterans and humanity to keep them sheltered. As long as there is no harm to our children, she believes this is something that the Board should do.

Mr. Bruno thanked all of the veterans for their service.

Mrs. Marrone thanked all of the veterans for their service and shared that her father is serving and grandfathers have served in the military. Her family supports the veterans but shared that the bus shelter is not an anti-veteran issue and it's a shame that it has caused strife in the community. She does have reservations about the easement and the safety issues for the children.

Mr. Kennedy shared the reason for the delay on the vote and apologized for this. The Facilities Committee has had a lot of issues so unfortunately, it took a back seat. Since the meeting with Mayor Chau the Board has addressed the bus shelter quickly. He is sorry that this has come to an anti-veteran issue. As a Board member he is dedicated to the students first, the school second and the community third. The shelter could affect the running track and the safety of the kids. Mr. Kennedy reached out to staff members and there are some that have concerns.

Mr. Barnhart has had reservations from the beginning. As a Board Member the well being of the students is most important. The Board has been thinking about this for some time. Mayor Chau is very passionate about this shelter, but for Mr. Barnhart, it's about safety. The Board has worked through many issues which are being addressed in the resolution.

Mrs. Levitt has reached out to a staff member regarding the bus shelter. This person is someone, who has students in the District and who is also involved with the veterans. The staff member has no concerns about the shelter.

Mr. Levari shared that he is a new board member. He has spoken to Mayor Chau about his concerns regarding the shelter but he feels the resolution is addressing those issues.

A Motion was made by Christopher Kennedy and seconded by Stephanie Woodhouse-Hughes, to approve items 6.C. The Motion Passed by a vote of 8 Ayes, 1 Nays and 0 Abstentions.
